- 62 km- Loruk-Barpelo Road in Nairobi, Kenya

SHUA'A ALFATH CONTRACTING LLC
BUILDING THE FUTURE, RESTORING THE PAST

SECTION 2

INTRODUCTION

SAG GROUP
INTRODUCTION

SHUA'A ALFATH is Oman leading independent Earthwork Company with vast experience based in Muscat. Since our inception we have been engaged in various prestigious projects in the Sultanate of Oman.

SHUA'A ALFATH overall aim is to reinvent earthworks & meet our customer's needs with the best possible service levels with total quality equipment within HSE requirements at a highly competitive level of pricing.

We are capable of executing projects to meet client/consultant/contractor demands. Our team is equipped with end-to-end activities for proper surveying, operations & handing over to clients. We have a house workshop facility with a team of qualified mechanics for all kinds of service for repair and maintenance to avoid downtime & loss of working works.

Customer satisfaction & value addition is always our top priority in earthmoving works. HSE, Engineering, Quality, Speed & Reliability are the corner stones of our business sustainability.

Committed, Dedicated & Motivated workforce is our biggest assets. We are continuously driving forward in technical ability & Methodology in line with the latest construction requirements.

VISION

To provide complete solutions & to be recognized as a company that is reliable, tailored solutions to meet customers' demands coupled with outstanding service. We always aim to provide our staff with continual training and development in order to bring out the best in them and provide a sustainable future.

MISSION

We consider each customer's requirements on an individual basis, providing site survey through to handover, ensuring we deliver excellent service and support throughout. We take in pride in our equipment and ensure it operates to maximum efficiency and without environmental impact. We maintain our fleet to the highest standard. Equipment is continuously renewed, meaning a modern fleet of equipment will pass efficiency savings onto the customer whilst protecting the environment.

OUR VALUES

Deliver a tailored solution to all customers. Build and maintain long-term relationships with customers. Safety is integral in any project, process, and people. The staff is friendly, professional, and knowledgeable. Innovation is an ongoing process SHUAA ALFATH has built its reputation upon its Values. We set out our behaviours, our culture and highlight how we should operate within our business. Everyone in SHUAA ALFATH understands the importance of these Values and we strive to ensure that these principles are constantly applied across our business.

OUR COMMITMENT

We consider each customer's requirements on an individual basis, providing site surveys through to handover, ensuring we deliver excellent service and support throughout.
We take pride in our equipment and ensure it operates to maximum efficiency and without environmental impact. We maintain our fleet to the highest standard.
Equipment is continuously renewed, meaning a modern fleet of equipment will pass efficiency savings onto the customer whilst protecting the environment.

CODE OF BUSINESS CONDUCT AND ETHICS

THE GROUP POLICY STATEMENT

Honesty, Respect, Trust, Customer Focus, Teamwork & Communication are the core values that distinguish SAG Group as leading Earthwork & Contracting Company.

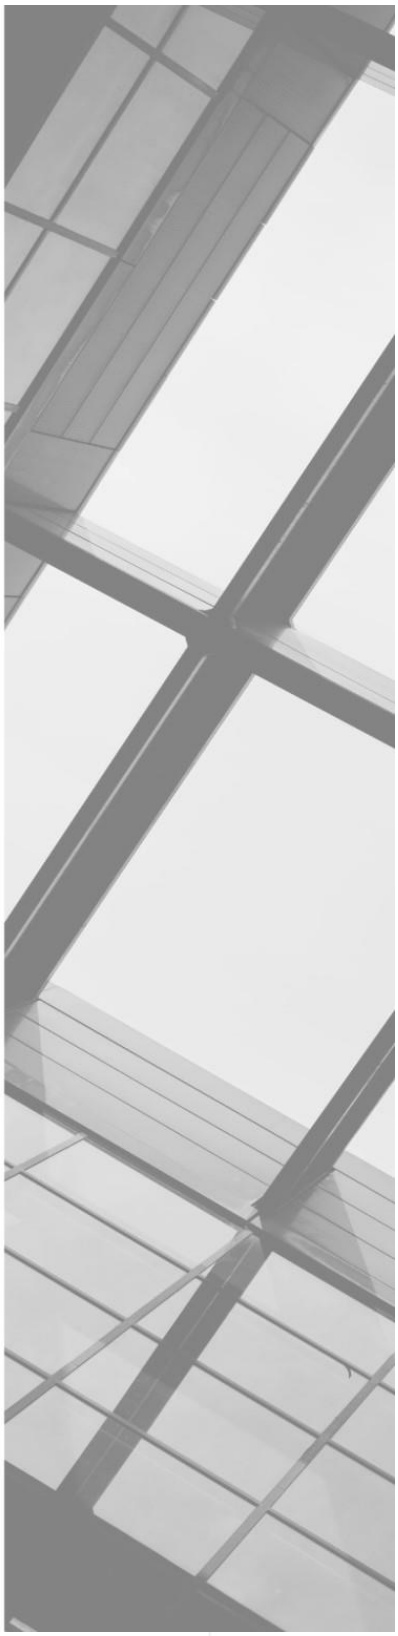

SAG Group will conduct its business fairly, impartially, in an ethical and Proper manner & full compliance with all applicable laws and regulations. In conducting its business, integrity must undermine all company relationships Including those with customer, Suppliers, Communities and among employees.

The highest standards of ethical business conduct are required of “SAG Group” Employees in the performance of the company responsibilities.

“SAG Group” employees not engage in conduct or activity that may raise question as to the company’s honesty, impartiality or reputation or otherwise cause embarrassment to the company.

Every employee has the responsibility to ask questions, seek guidance, and report suspected violations of the Code of Conduct retaliation against employees who come forward to raise genuine concerns will not be tolerated.

ENTERPRISE RESOURCE PLANNING SYSTEM

Enterprise Resource Planning which is commonly known by its abbreviation ERP, is the integrated suite of business application to collect, store, manage, interpret, and analyse data from many business activities. ERP software suite runs on a common database, eliminating chances for repeated data entry and duplicate data.

SHUA'A ALFATH functions on ERP software suite for integrating various departments and functional areas across the Group. This ERP software enables real time synchronization of key enterprise functionalities such as Accounts and Finance, Human Resource, Sales and Marketing, Procurement, Project Costing, Customer Relationship, and Cost Control.

This company wide integrated information system supports **SHUA'A ALFATH** Group to perform daily business activities as consistent as possible, delivering superior customer experience thus building strong brand equity.

SHUA'A ALFATH CONTRACTING LLC
BUILDING THE FUTURE, RESTORING THE PAST

REGIONAL PRESENCE

SHUA'A ALFATH has earned its reputation across the various Governorates of the Sultanate of Oman for delivery of projects known for their high quality and cost effectiveness.

Based in Ghala Muscat Sultanate of Oman **SHUA'A ALFATH** is a general contracting and construction management company which specializes in design and build projects and construction work. With its experience covering everything from pre-construction services to complete turn-key construction projects.

SHUA'A ALFATH is ranked among the top Contractors in the region with its substantial experience in bringing difficult and sensitive projects to successful completion with high quality standards.

CORPORATE OBJECTIVES

SHUA'A ALFATH Group has enjoyed numerous recognized achievements within a short period of time as a **Total Solution Provider** for all types of construction requirements by organizing our talents and resources into the subsidiary companies specialized in various field of construction.

The corporate aim has been consistent since the launching of the Group. The Group focus and value reputation for integrity, technical excellence and customer satisfaction, as well as professional success and development of its employees.
The principle objective is to:

- Govern the uniform conduct, policies and procedures for the Group companies and ensure their compliance with them.
- To maintain and further enhance the quality of services, by introducing the most sophisticated technology and automated monitoring systems throughout the Group in each and every level.
- Institutionalize the corporate training programs to ensure effective development of the Staff members and through orientation of new employees.
- Improvise the efforts to hire qualified and talented individuals with strong technical, management and business development credentials and vast experience to support and accelerate Groups' growth.

When these objectives are combined with Group Vision and Mission the formula for success is realized. Looking forward to the future we strive to achieve increase in our size, capabilities and our contributions to Construction industry.

BOREWELL FOR WATER

Specification of Truck Mounted Water Well Drill RIG DTHR 600

Description:

- **UNIT I: Multipurpose Drill Rig Model JCRDTHR-600, Mounted on 6x4 AS DIESELS** truck Model 2523, with a top head drive**.**
- **UNIT II: Support Truck Mounted on AS DIESEL 2516 EURO IV, 6x4, loaded with Atlas-cop-co compressor Model XRV1350, along with provision to carry drill roads, air hose with real capacity of 30 meters, water/diesel tanks of 2500 litres capacity.**
- **CAPACITY:** The rig is capable of drilling 600 meters.
- **DTH Method:** 150-250mm diameter to a depth of 600 meters in hard rock and abrasive formation.
- **Rotary Drilling:** 7 7/8" to 16" diameter hole to a depth of 600 Meters with Tricone Bits by mud rotary (Direct Rotary) method by reaming in alluvial / sandy, soft medium and collapsible formation (Note: Under Favourable Conditions Only).
- **MAST:** The mast is of Box type and made of heavy duty welded construction, reinforced with suitable cross members, capable of withstanding all types of drilling loads. **The Mast is capable of handling 6 meter (20') long drill pipe and 6-meter-long casing pipe.** The rig is provided with the level indicators for proper levelling. The mast is raised and lowered by means of suitable capacity TWIN hydraulic cylinders, **DANFOS Make Model OMV 400.** The mast is equipped with sufficient capacity lighting arrangements to help night drilling. Mast can handle 40-tons capacity.
- **TOP DRIVE ROTARY HEAD:** Hydraulically operated top drive rotary head fitted with heavy duty mud swivel for mud rotary application powered by TWIN Hydraulic motors and having variable speed range of 0-90rpm and capable of developing a torque of about 750KGM is provided. Suitable arrangement is made on the rotary head to absorb shocks while drilling and also to avoid damage to drilling pipe/spindle tool joints (threads).

LAND SURVEYING

SHUA'A ALFATH is leading only earthmoving company in the Sultanate of Oman with Well trained, experienced engineers / Surveyors/technicians with the latest and highly sophisticated equipment Such as 3D laser scanners, GPS, Pulse Total Stations to meet any type of intricate survey works to comply with the needs and requirements at the very reasonable and affordable budget to the total satisfaction of the Customer.

SHUA'A ALFATH operations are widely spread over in different segments such as Roads, Mining Field, Mountain Demolition, Major Earthworks, Land Surveying, Landscaping Works etc.,

SHUA'A ALFATH provides all types if topographic survey support using the latest technologies like reflector-less total stations, real time GPS. We do all these services for Consulting Engineers, Property Developers, Utility Companies, Government Departments, Architects, Main Contactors, Planners, Infrastructure Developer, Construction Companies etc.

EARTHWORKS / LANDSCAPE WORKS / FORMATION WORKS FOR ROADS

SHUA'A ALFATH are a major contributor in Major Earthworks & Formations work for Highways in Oman. SHUAA ALFATH are transforming properties and developing the needs of changing society for our Customers & Clients.

SHUA'A ALFATH believe in delivering high-quality service by Engineering Expertise, Excellent Customer Services, Unique Fleets & Highly Competent Human Resource.

SHUA'A ALFATH have been a grading contractor of massive and very prestigious projects and capable of implementing from initial setting out to final executing including shop drawings. Our in-house facilities make bulk and & specialized earthworks easier. Our team consists of highly professional Project managers, Quantity surveyors & survey groups with total stations &GPS. If the success of your project is highly dependent on timely delivery with a high-quality service within the budget, we are the best choice.

Challenges we have always enjoyed!!!

Being part of prestigious projects in the Sultanate of Oman, Arabian **SHUA'A ALFATH** has been providing the best services to meet the customer satisfaction. With a pool of skilled personnel/resources, excellent infrastructure, established quality and safety standards, we have successfully completed all the projects within the time limit prescribed, as scheduled. We really create grounds for history to rise.

Attention: Mr. Khalid

Dear Sir,

Sub: Al Namaa Poultry Farm Package-01- Graded Road Maintenance Works.

Ref: Your Quotation Ref. SAF/Q03/1105/OSCO/ANP dated 20.05.2021

We refer to your above quotation and subsequent discussions had with you, we are pleased to place our Work Order for carrying out Graded road maintenance works for the above project on the Main Contract provisions and in accordance with the following terms and conditions:

1) Scope of work: Scope of work is as described in Annexure-I, read in conjunction with the Main Contract conditions, project specifications, Pricing Preambles, Scope/Responsibility Matrix (Annexure-II) and Bill of Quantities (Annexure-III).

2) The value of this Subcontract for carrying out the whole of Work as descried in para (1) above will be R.O. 72,000 (Rials Omani Seventy Two Thousand Only) plus 5% VAT as per enclosed Bills of Quantities (Annexure-III).

3) The quantities provided in the Bill of Quantities are indicative and should not be considered as actual and correct. The Contractor shall not entertain any claims or dispute from the Subcontractor on account of any variations in the quantities based on actual executed quantities versus indicative quantities.

   The unit rates shall remain firm and fixed throughout the tenure of the Subcontract and 'no' claim on increase in rate shall be applicable towards any escalation of whatsoever nature or variation in quantities.

4) The Subcontractor (M/s. SHUA'A AL FATH CONTRACTING LLC) shall not use the quantities in the Bill of Quantities (Annexure-III) as a basis for ordering materials.

5) The Subcontractor has accepted to execute and complete all the works under their scope of work as per agreed programme with the Contractor's Project Manager.

Postal Code: 612
Sultanate of Oman

Attention: Mr. Khalid Humeid

Dear Sir,

Sub: The "Oman Across Ages Museum" Project - Main Contract (DPN/13/16) – Screening, Crushing, transporting and laying of Backfill material.

Ref: 1. Engineer's Instruction No. 268 dated 16.07.2019
2. Your Quotation dated 20.07.2019

We refer to your above quotation and subsequent discussions had with you, we are pleased to place an order for Loading of stockpile material, screening, crushing, transporting, laying and grading of Backfill material for the above project on the basis of the above referred Engineer's Instructions, Main Contract provisions and in accordance with the following terms and conditions:

(1) Scope of Work: The Scope of Work is as described in Annexure-I, read in conjunction with Conditions of Main Contract, Specifications, Drawings, Pricing Preambles, Engineer's Instruction No. 268, approved MAS, Scope Matrix (Annexure-II), Bills of Quantities (Annexure-III).

(2) The value of this Subcontract for carrying out the whole of work as descried in para (1) above will be R.O 600,000/- (Rials Omani Six Hundred Thousand Only) as per enclosed Bills of Quantities (Annexure-III). However, the entire Subcontract Work shall be on re-measurable basis.

The Subcontract Work will be measured Net (i.e. compacted volume filled) and paid as per the unit rate set-out in the enclosed BOQ (Annexure-III). The unit rate shall remain firm and fixed throughout the tenure of the Subcontract and no claim on increase in rate shall be applicable towards any escalation of whatsoever nature or variation in quantities.

(3) The Subcontractor (M/s. Shua'A Al-Fath Golden Trad.) shall not use the quantities in the Bill of Quantities (Annexure-III) as a basis for ordering materials.

(4) The Subcontractor agreed to execute and complete all the works under their scope of work to suit the Contractor's programme. The date for Completion of Main Contract is 05th May 2020. The completion dates for various

شهادة السجل التجاري
Commercial Registration Certificate

CR Number 1163051 — **رقم السجل التجاري** 1163051

Note:

This certificate is digitally signed.

This certificate has been signed and certified using a Digital Signature Certificate as specified under The Electronic Transactions Law of the Sultanate of Oman issued by His Majesty's Royal Decree (69/2008).

To check the validity and authenticity of the digitally signed documents and certificates, please check the online service of National Digital Certification Center at (www.oman.om/tam).

The information in this commercial registration is registered based on the Commercial Registration Law No. (3/1974). The commercial registration owner is obligated to obtain the approval of the competent authorities before the commencement of any economic activity when the activity is restricted by prior consent, including the introduction and operation of foreign labor force.

This certificate proves that this commercial registration has a membership of Oman Chamber of Commerce and Industry for only one year from registration date.

The Commercial Registration and the CR certificate are not considered as an approval or a warranty for a license of bringing in labour.

The Commercial Registration does not grant an approval or a guarantee for obtaining an investor's residence permit in the Sultanate of Oman.

ملاحظات:

هذه الشهادة موقعة رقميا.

تم توقيع واعتماد هذه الشهادة باستخدام خاصية الشهادات الموقعة رقميا وفقا لما هو وارد في قانون المعاملات الإلكترونية لسلطنة عمان والصادر بموجب المرسوم السلطاني رقم (2008/69).

يرجى التحقق من صلاحية ومصداقية المستندات والشهادات الممضاة رقميا عن طريق الخدمات الإلكترونية المقدمة من المركز الوطني للتصديق الإلكتروني وذلك عبر الرابط (www.oman.om/tam).

تم قيد المعلومات بهذا السجل بموجب قانون السجل التجاري رقم (1974/3). ويستلزم على مالكه الحصول على موافقة الجهات المختصة قبل مباشرة أي نشاط اقتصادي متى كان النشاط مقيدا بموافقة مسبقة بما في ذلك استقدام وتشغيل القوى العاملة الوافدة

شهادة السجل التجاري تثبت أن هذا السجل منتسب لغرفة تجارة وصناعة عمان لمدة عام واحد فقط من تاريخ التسجيل.

لا يعتبر تسجيل السجل التجاري وشهادة السجل التجاري موافقة أو ضمانا للحصول على ترخيص باستقدام قوى عاملة وافدة

لا يعتبر هذا السجل التجاري موافقة أو ضمانا للحصول على ترخيص لاقامة المستثمر بالسلطنة

The Commercial Registration is not considered as an approval or a warranty for a license of bringing in labour.

لا يعتبر هذا السجل التجاري موافقة أو ضمانا للحصول على ترخيص باستقدام قوى عاملة وافدة
