BUILDING THE FUTURE. RESTORING THE PAST

SECTION 1

Adding value to clients in what **SHUAA ALFATH** Golden Trading is all about. Our uniqueness lies in understanding & delivering cost effective earthwork solutions to developers, consultants, contractors & clients.

Opportunities are opening up for short-term & long-term infrastructure projects, which leads **SHUAA ALFATH** to encourage reliable & efficient methodology of earthmoving by terming the slogan of **SHUAA ALFATH** as "Reinventing Earthmoving"

As a company we invest long-term in our engineering capabilities & hone human skill development. Together with our people, we will continue to inspire progress that will build meaningful values, sustainable innovations for our future generations.

Our people are the heart of what we do and **SHUAA ALFATH** is one among the innovative value driven solution provider, something we are particularly proud of.

Khalid Hussein Al Khatri as a Chairman of **SHUAA ALFATH** has the strength of legacy & the spirit of ambition to leverage the opportunities in quality, speed & value in delivering projects to clients over the years.

Khalid Al Khatri
Chairman

SYED KAMAAL SABA

GENERAL MANAGER

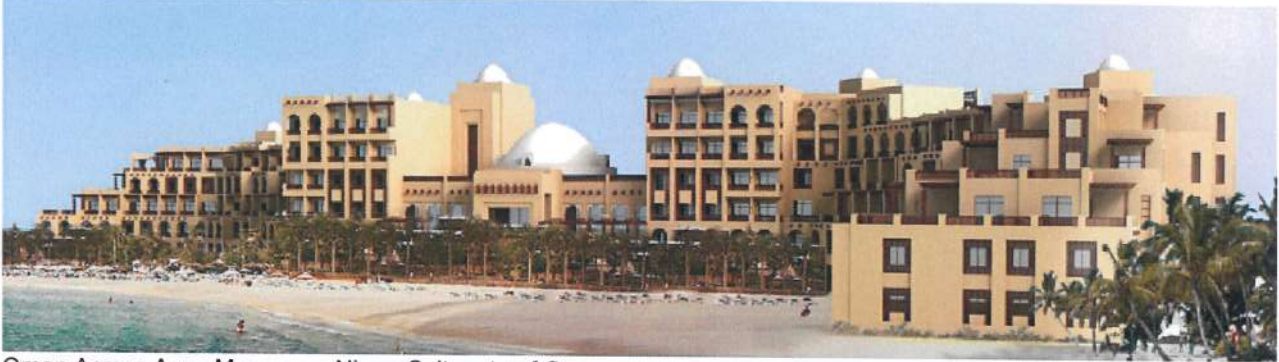

Kamaal has nearly Eighteen years of experience as a construction professional. After his graduation as a Civil Engineer he joined Multinational Groups in UAE putting the foundation stone for Supply Chain Department. During his 18 years of stay in UAE he went up the corporate ladder to become Supply Chain Manager for Al Rajhi Investment & later hold a senior position in supply chain in Shapoorji Pallonji in Oman

During 18 years of experience in UAE, Kamaal has successfully orchestrated Supply Chain and delivered over 100 projects with an approximate total value of AED 1 billion. The following are some of the Major Projects

1. Oman Across Ages Museum – Nizwa – Sultanate of Oman
2. 325 Room Hilton Ras Al Khaimah Hotel, a turnkey project with a BUA of 37,000 sqm and 26,000 sqm facilities
3. 389 Warehouses with a built-up area of 37,376 sq.m
4. Staff accommodation with a built-up area of 24,134 sq.m
5. Millennium Hotel at Garhoud for Saeed Al Naboodah Group
6. 10 Storey Smart Office Building with a built-up area of 19,500 sq.m

Hilton Beach Hotel at Ras Al Khaimah UAE

SAG GROUP

INTRODUCTION

SHUA'A ALFATH is Oman leading independent Earthwork Company with vast experience based in Muscat. Since our inception we have been engaged in various prestigious projects in the Sultanate of Oman

SHUA'A ALFATH overall aim is to reinvent earthworks & meet our customer's needs with the best possible service levels with total quality equipment within HSE requirements at a highly competitive level of pricing.

We are capable of executing projects to meet client/consultant/contractor demands. Our team is equipped with end-to-end activities for proper surveying, operations & handing over to clients. We have a house workshop facility with a team of qualified mechanics for all kinds of service for repair and maintenance to avoid downtime & loss of working works.

Customer satisfaction & value addition is always our top priority in earthmoving works. HSE, Engineering, Quality, Speed & Reliability are the corner stones of our business sustainability.

Committed, Dedicated & Motivated workforce is our biggest assets. We are continuously driving forward in technical ability & Methodology in line with the latest construction requirements.

VISION

To provide complete solutions & to be recognized as a company that is reliable, tailored solutions to meet customers' demands coupled with outstanding service. We always aim to provide our staff with continual training and development in order to bring out the best in them and provide a sustainable future.

MISSION

We consider each customer's requirements on an individual basis, providing site survey through to handover, ensuring we deliver excellent service and support throughout. We take in pride in our equipment and ensure it operates to maximum efficiency and without environmental impact. We maintain our fleet to the highest standard. Equipment is continuously renewed, meaning a modern fleet of equipment will pass efficiency savings onto the customer whilst protecting the environment.

OUR VALUES

Deliver a tailored solution to all customers. Build and maintain long-term relationships with customers. Safety is integral in any project, process, and people. The staff is friendly, professional, and knowledgeable. Innovation is an ongoing process SHUAA ALFATH has built its reputation upon its Values. We set out our behaviours, our culture and highlight how we should operate within our business. Everyone in SHUAA ALFATH understands the importance of these Values and we strive to ensure that these principles are constantly applied across our business.

OUR COMMITMENT

We consider each customer's requirements on an individual basis, providing site surveys through to handover, ensuring we deliver excellent service and support throughout.

We take pride in our equipment and ensure it operates to maximum efficiency and without environmental impact. We maintain our fleet to the highest standard.

Equipment is continuously renewed, meaning a modern fleet of equipment will pass efficiency savings onto the customer whilst protecting the environment.

CODE OF BUSINESS CONDUCT AND ETHICS

THE GROUP POLICY STATEMENT

Honesty, Respect, Trust, Customer Focus, Teamwork & Communication are the core values that distinguish SAG Group as leading Earthwork & Contracting Company.

SAG Group will conduct its business fairly, impartially, in an ethical and Proper manner & full compliance with all applicable laws and regulations. In conducting its business, integrity must undermine all company relationships Including those with customer, Suppliers, Communities and among employees.

The highest standards of ethical business conduct are required of "SAG Group" Employees in the performance of the company responsibilities.

"SAG Group" employees not engage in conduct or activity that may raise question as to the company's honesty, impartiality or reputation or otherwise cause embarrassment to the company.

Every employee has the responsibility to ask questions, seek guidance, and report suspected violations of the Code of Conduct retaliation against employees who come forward to raise genuine concerns will not be tolerated.

Borewell for Water Drilling Works

SPECIFICATION OF TRUCK MOUNTED WATER WELL DRILL RIG DTHR 600

DESCRIPTION:

- **UNIT I: Multipurpose Drill Rig Model JCRDTHR-600, Mounted on 6 x 4 AS DIESELS Truck Model 2523, with a top head drive.**
- **UNIT II: SUPPORT TRUCK MOUNTED ON AS DIESEL 2516 EURO IV, 6 x 4, loaded with Atlas-cop-co compressor Model XRV1350, along with provision to carry drill rods, air hose reel of capacity 30 mtrs. water/diesel tanks of 2500 ltrs capacity.**
- **CAPACITY:**
 The rig is capable of drilling 600 meters
DTH Method:
 150-250mm dia to a depth of 600 Mtrs in hard rock and abrasive formation
Rotary Drilling:
 7 7/8" to 16" dia hole to a depth of 600 Mtrs with Tricone Bits by mud rotary (Direct Rotary) method by reaming in alluvial /sandy, soft medium and collapsible formation (Note: Under favorable Conditions Only)
- **MAST:**
 The mast is of Box Type and made of heavy duty welded construction, reinforced with suitable cross members, capable of withstanding all types of drilling loads.
 The Mast is capable of handling 6 mtrs (20') long drill pipe and 6mtrs long casing pipe. The rig is provided with the level indicators for proper leveling. The mast is raised and lowered by means of suitable capacity TWIN hydraulic cylinders, DANFOS Make Model OMV 400. The Mast is equipped with sufficient lighting arrangements to help night drilling. Mast can handle 40 tons capacity.
- **TOP DRIVE ROTARY HEAD:**
 Hydraulically operated top drive rotary head fitted with heavy duty mud swivel for mud rotary application powered by TWIN Hydraulic motors and having variable speed range of 0-90 rpm and capable of developing a torque of about 750kgm is provided.
 Suitable arrangement is made on the rotary head to absorb shocks while drilling and also to avoid damage to drilling pipe/spindle tool joints (threads).
- **FEED SYSTEM:**
 Heavy duty, high strength, hydraulic cylinder is provided to accommodate 6 mtrs (20feet) long drill pipes and to handle 6Mtrs casing pipes. The pull back is of about 30,000Kgs. and the pull down capacity to be 17750Kgs. The feed system is actuated using TWIN 1400 bore hydraulic feed cylinders and wire rope system with 1:2 reaving system. The feed system incorporates micro feed arrangement to control and limit weight on the drilling Bit. Rapid and slow feed speed arrangement is provided to measure the down feed and hold back pressure of the system.

The pull back/High speed up-about: 21Mtrs/Min
 High speed down about: 35Mtrs/Min
 Slow feed Rate up: 3Mtrs/Min
 Slow feed Rate down: 4.5Mtrs/Min

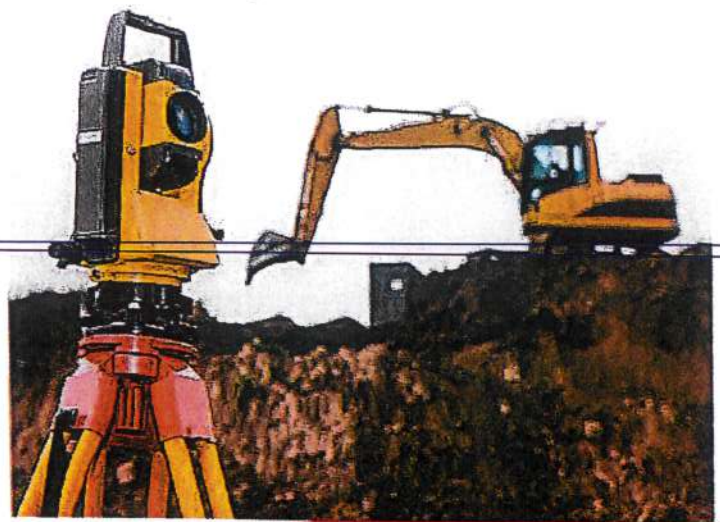

LAND SURVEYING

SHUAA ALFATH is leading only earthmoving company in the Sultanate of Oman with Well trained, experienced engineers / Surveyors/technicians with the latest and highly sophisticated equipment Such as 3D laser scanners, GPS, Pulse Total Stations to meet any type of intricate survey works to comply with the needs and requirements at the very reasonable and affordable budget to the total satisfaction of the Customer.

SHUAA ALFATH operations are widely spread over in different segments such as Roads, Mining Field, Mountain Demolition, Major Earthworks, Land Surveying, Landscaping Works etc.,

SHUAA ALFATH provides all types if topographic survey support using the latest technologies like reflector-less total stations, real time GPS. We do all these services for Consulting Engineers, Property Developers, Utility Companies, Government Departments, Architects, Main Contactors, Planners, Infrastructure Developer, Construction Companies etc.,

EARTHWORKS / LANDSCAPE WORKS / FORMATION WORKS FOR ROADS

SHUAA ALFATH are a major contributor in Major Earthworks & Formations work for Highways in Oman. **SHUAA ALFATH** are transforming properties and developing the needs of changing society for our Customers & Clients.

SHUAA ALFATH believe in delivering high-quality service by Engineering Expertise, Excellent Customer Services, Unique Fleets & Highly Competent Human Resource.

SHUAA ALFATH have been a grading contractor of massive and very prestigious projects and capable of implementing from initial setting out to final executing including shop drawings. Our in-house facilities make bulk and & specialized earthworks easier. Our team consists of highly professional Project managers, Quantity surveyors & survey groups with total stations & GPS. If the success of your project is highly dependent on timely delivery with a high-quality service within the budget, we are the best choice.

Challenges we have always enjoyed!!!

Being part of prestigious projects in the Sultanate of Oman, Arabian **SHUAA ALFATH** has been providing the best services to meet the customer satisfaction. With a pool of skilled personnel/resources, excellent infrastructure, established quality and safety standards, we have successfully completed all the projects within the time limit prescribed, as scheduled. We really create grounds for history to rise.
